

## AP US History Summer Homework

### Mr. Bergen 2020-2021

Your AP summer homework involves multiple assignments designed to get you ready for learning college level US History. In AP US History (APUSH) we have to learn a millennia of history in about 9 months. Thank you for caring, getting ready, and allowing our class to accelerate early, by doing your summer HW. If you want to start with some extra credit, find a good book to read on US History and shoot me a message asking whether it is appropriate. This is optional, but I recommend *The Jungle* by Upton Sinclair (Progressive Era, Poverty), *The Worst Hard Time* by Timothy Egan (Dust Bowl), or any other historical book of interest.

Your assignment sheet, as well as the questions are linked through the doc below. You will submit this through schoology the first week of class.

1. First and foremost, you have to know your geography. Study and be able to identify all 50 states. Use this game to help you <http://online.seterra.com/en/vgp/3003> There WILL BE A TEST DAY ONE on this, be ready.
2. Use this document [linked here](#) to watch the video linked in the document titled "America Before Columbus" and complete the questions on the attached organizer named the same thing.
3. Use the videos linked in the document, titled *English Colonization*, *New Netherland*, *French Colonization*, and *Spanish Colonization* to complete the attached organizer labelled "Colonial Comparison"
